PROCEDURE OF THE HOLDERNESS TOWN MEETING — MARCH 7, 1972

At a legal meeting of the Inhabitants of the Town of Holderness, qualified to vote in town affairs, and held in the Town House of said Holderness, March 7, 1972 at ten o'clock in the forenoon, the following business was transacted.

The Ballot Clerks being in position, the meeting was called to order by the Moderator, Richard L. Gordon, at 10:05 A. M. The complete Town Warrant was read by Moderator Richard L. Gordon. The School Warrant was read by Assistant Moderator Laurence Roberts.

The polls were declared open for Article 1 and 2 at 10:15 A. M. and closed at 6:23 P. M. with the following results:

Total Ballots cast 386 Names on checklist 666

Town Clerk — Corinne M. Cripps
Town Treasurer — Richard L. Gordon
Selectman for 3 years — Edward L. Noyes, Jr.
Tax Collector — Bernice E. Shields
Library Trustee for 3 years — Miss Elisabeth Hodges
Overseer of Town Welfare — Laura M. Heath
Superintendent of Cemeteries — Walter L. Greenleaf
Trustee of Trust Funds for 3 years — Richard L. Gordon
Fire Wards — James L. Cripps, Lawrence P. Welch, Paul E. Whitman
Constable — George A. Plant

Results of Constitutional Question—

Are you in favor of amending the Constitution to allow eighteen year olds to vote and to provide that no person under twenty-one years of age may hold elective office?

403 votes cast — 246 Yes 136 No 21 Blanks
Results of School Ballot as follows:
388 votes cast
Moderator — Laurence H. Roberts, Jr.
Clerk — Ann Walker Noyes
Treasurer — Joseph Carvelli
School Board — Kevin Barlow

Town Meeting was delayed to provide time to finish the above count.

Business meeting was opened at 7:59 P. M. with a Prayer by Rev. David A. Plant. Results of Town election of officers read by Moderator Gordon. Results of School election of Officers read by School Moderator Roberts.

Article 3. Moved and seconded to accept the reports of all town officers. Vote in affirmative.

Article 4. Moved and seconded to raise and appropriate the sum of $401.50 as compensation to Ethel Piper for services rendered. Vote in affirmative.

Article 5. Moved and seconded to raise and appropriate the sum of $200.00 for participation in the Lakes Region Association, the money to be spent for the purpose of publicizing and promoting the natural advantages of the town, in cooperation with other towns in the Lakes Region. Vote in affirmative.

Article 6. Moved and seconded to raise and appropriate the sum of $200.00 for support of the N. H. Humane Society. Vote in affirmative.

Article 7. Motion made and seconded to raise and appropriate the sum of $500.00 as compensation for a Town Health Officer. Amended to accept the $500.00 matching fund by the Squam Lakes Association. Vote in affirmative.

Article 8. Motion made and seconded to raise and appropriate the sum of $500.00 for the Sceva Speare Hospital. Vote in affirmative.

Article 9. Motion made and seconded to amend the sum from $485.00 to $603.00 as requested for the town's share for the Pemi-Baker Health Agency. Vote in affirmative.

Article 10. Advised by Town Attorney, Mr. Hopkins, that Article is illegal. Aug. 27, 1971 law in effect that to abolish Planning you have to have petition signed by 10% of checklist or 100 voters whichever is less, plus meetings with Board before presenting at Town Meeting. Article ruled out of order.

Article 11. Moved to pass Art. 11 until Article 12 acted upon. Vote in affirmative.

Article 12. Moved to amend Art. 12 by striking out section B. Att'y Hopkins explained that Part B was out of order as the amount was not presented to the Budget Committee therefore could not be acted upon. Amendment seconded. Vote in affirmative.

Refer back to Article 11. Moved and seconded to amend Article 11 by adding the sum of $1,169.00 (dues to Lakes Region) with the $150.00 making a total of $1,319.00. Vote in affirmative.

Article 13. Motion made to raise and appropriate sum of $250.00 to be matched by the Ford Foundation and/or any private or public source for purpose of supporting investigation into solid waste disposal problems and to authorize the acceptance and expenditure of these funds by the Conservation Commission. Vote in affirmative.

Article 14. Motion made and seconded to table Art. 14 regarding the adoption of the artist's replica as the town official emblem. Vote in affirmative to table.

Article 15. Motion made and seconded to establish a Regional Refuse Disposal Planning Committee. Vote in affirmative.

Article 16. Motion made and seconded that Town Meeting and all elections be held in the Town Hall indefinitely. Vote in affirmative.

Article 17. Moved and seconded to amend as follows: To authorize the Selectmen to accept for use as a town road a warranty deed to the town of that portion of Hob-Nob Lane, so called, as shown on a plan entitled "Heritage Hill, Town of Holderness, N. H., D. Miller, Surveyor, May 1965" filed in Grfaton County Registry of Deeds, Book 1021 Page 71, that has been improved for vehicular traffic, commencing at the Heritage Hill Road, so-called, and extending therefrom in an easterly direction 1,000 Ft. more or less to the power line right of way, providing however that no road should be accepted until it meets TRA standards and when warranty deed to Heritage Hill Rd. is conveyed to the Selectmen of the Town of Holderness. Vote in affirmative.

Article 18. Moved and seconded to authorize the Selectmen to borrow in anticipation of taxes. Vote in affirmative.

Article 19. Moved and seconded to authorize the Selectmen to convey any Real Estate obtained by Tax Collector's Deed and execute any deed or deeds thereof in the name of the town. Vote in affirmative.

Article 20. Moved and seconded to accept budget as recommended with the following amendments.

Humane Society	$ 200.00
Town Health Officer	500.00
Pemi-Baker Health Agency	603.00
Lakes Region Planning	1,169.00
Clerical Work	3,000.00
Police Dept.	606.14
Fire Dept.	800.00
Fire Hose	3,150.00

Amended budget as voted $118,022.57

Article 21. Moved and seconded that the Town go on record as giving a vote of thanks to Norman P. Smith, Jr. for his three years as Selectman. This was given unanimously.

Motion made to adjourn at 11:45 P. M. after which the Primary votes were counted which concluded at 3:15 A. M.
A True Record: Attest

CORINNE M. CRIPPS
Holderness Town Clerk

HOLDERNESS TOWN WARRANT — 1973

TO THE INHABITANTS OF THE TOWN OF HOLDERNESS IN THE COUNTY OF GRAFTON AND STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Town House in said Holderness on Tuesday, the sixth day of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven-thirty o'clock in the afternoon of the same day:

Article 1: To choose all necessary town officers.

Article 2: To accept the reports of all town officers.

Article 3: To see if the Town will vote to raise and appropriate the sum of $401.50 as compensation to Ethel Piper for services rendered.

Article 4: To see if the Town will vote to raise and appropriate the sum of $50.00 for support of the New Hampshire Humane Society.

Article 5: To see if the Town will vote to raise and appropriate the sum of $500.00 for the Sceva Speare Memorial Hospital.

Article 6: To see if the Town will vote to establish a Capital Reserve Fund as authorized by RSA Chapter 35 to finance the cost of construction of a new town office building and the cost of furnishings and equipment for said buildings, and to appropriate for transfer to said Capital Reserve Fund the sum of $25,000.00 from the Federal Revenue Sharing Trust Fund received and to be received by the Town under the State and Local Assistance Act of 1972.

Article 7: To see what sum of money the Town will vote to raise and appropriate to finance the cost of construction of a new town office building, including the purchase of a lot of land for said building if necessary, and the cost of furniture and furnishings for said building.

(A motion will be offered by the Selectmen to postpone further consideration of this article to an adjourned town meeting to be held at a later date after a study has been made as to the feasibility and costs of such project.)

Article 8: To see if the Town will vote to amend the Septic Tank Ordinance which was adopted on July 15, 1967, by adding the following additional provision: "Holding tanks or closed systems will not be approved for any construction and will be approved only as replacement for an existing system when no other means of disposal is practicable in the judgment of the Town Health Officer."

Article 9: To see if the Town will vote to raise and appropriate the sum of $3,000.00 for improvements to the town library.

Article 10. To see if the Town will vote to designate as a Town Forest the Pease property, so-called, located on the Beede Road, being 50 acres, more or less, presently the property of the Town; said Town forest to be managed by the Conservation Commission with any revenues accruing from said town forest to be placed in the Holderness Town Conservation Trust Fund for further protection of the Town's natural resources.

Article 11. To see what action the Town will take concerning the designation of any town road as "scenic" roads under the provisions of RSA 253: 17-18 for the purpose of protecting the scenic beauty of the Town.

Article 12: To see what sum of money the Town will vote to raise and appropriate for the support of the Pemi-Baker Home Health Agency.

Article 13: To see if the Town will vote to raise and appropriate the sum of $26,500.00 for the purchase of a new grader for the Highway Department, this purchase to be financed by equal payments for the next five ensuing years through the issuance of notes of the Town pursuant to the Municipal Finance Act.

Article 14: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Article 15: To see if the Town will vote to authorize the Selectmen to convey any real estate obtained by tax collector's deed and execute any deed or deeds thereof in the name of the Town.

Article 16: To see if the Town will vote to make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the town, as recommended by the Budget Committee in its report, to raise and appropriate all sums so determined, and to pass any other vote relating thereto.

Article 17: To transact any other business that may legally come before the meeting.

Given under our hands this 15th day of February, in the year of our Lord nineteen hundred and seventy-three.

HOLDERNESS LIBRARIAN'S REPORT

The Holderness Library has experienced a very busy year. Early in May we opened the library on Wednesdays from 2-8 P. M., extending our services to the school children. We are now open twelve hours a week throughout the year.

At the present time library services to children is undoubtedly in a critical stage. To maintain high enthusiasm for reading is all a part of library service.

There have been some gratifying instances of personal interest in your library. We have received gift books from several individuals.

The book collection is the heart of the library, upon its, quantity, quality and scope rest the library's program and effectiveness. The bookmobile has visited us four times this year.

The library staff remains the same with Mrs. Lester Hall librarian, assistants Mrs. Arline MacDonald and Mrs. Suzanne Hites.

OVERSEER OF WELFARE

Our surplus food program is taken care of through the Town of Ashland. Eight families receive the service.

We have ten cases direct town aid.

Five people receive Old Age Assistance benefits.

LAURA HEATH

Overseer of Welfare

FIFTH ANNUAL REPORT OF THE

HOLDERNESS CONSERVATION COMMISSION

The Holderness Conservation Commission met ten times in 1972 and it was good to see an increasing number of visitors at these public meetings. We hope for a continuation of this trend.

Key projects during the year included: stepped-up efforts at recycling, continued study toward relocation of the dump, soils mapping of the town, sending of the fourth Holderness youth to Spruce Pond Conservation Camp, acquisition of a $1,000 grant and proposal for creating a town forest. The commission undertook many other things as well.

The commission continued in its support of the Planning Board's efforts to guide the growth of Holderness as well as the sewage monitoring and enforcement work of the town's new Health Officer. We were also glad to assist, in a small way, the Dump Study Committee.

The commission considered that Holderness was fortunate to have as last year's representative to the Conservation Camp in Allenstown, Tom O'Donnell whose love of the outdoors and interest in the natural environment has been clearly demonstrated. Once again our working arrangement with the Pemigewasset Valley Fish and Game Club proved most beneficial.

On May third the conservation commission received a check for $1,000 as a 4-for-1 matching grant from the John H. Pearson Trust. This money is to be used for further investigative work in finding an environmentally safer dumpsite. Part of this has already been expended on soils investigation and interpretation.

Later in May the commission made public a project it had been discussing for almost a year—to establish a Holderness Town Forest. The site proposed is the former Pease land on Beede Road, a 50-acre parcel already owned by the town and formerly a gravel pit. The state forester and representatives of the Dept. of Education inspected the site to determine its educational potential. A meeting was held with the Central School's Ecology Club and School Board members attended a commission meeting. The idea seemed to meet with general approval and the 1973 Town Meeting will be asked to formalize this commission proposal.

Enduring what, at times, seemed to be almost unsurmountable odds, the commission continued its recycling program at the dump. Emphasis was still on glass and Holderness "won" the distinction of having returned for reuse over 50,000 pounds of glass, highest in the state. The assistance of dump attendant Cecil Tenney made the commission's weekend (and sometimes nighttime) glass crushing sessions much easier. The commission clings to this project, what some may feel is foolish or futile, firm in the knowledge that someday soon man's civilization must come to total recycling or bury itself in its own garbage.

We are still thinking of Livermore Falls as a possible future scenic area. Forms are being prepared to have it placed on the Register of Natural Areas and attempts will be made to involve Plymouth and Campton as well. Derwood Corbett of River Street was appointed to the commission by the selectmen in September. His long experience with the U. S. Forest Service will be most valuable. On September 26 the University of New Hampshire reassured the commission there were no plans for disposing of West Rattlesnake Mountain. This response was due to considerable inquiry stemming from news accounts that UNH had sold to a developer land entrusted to it in Portsmouth.

A regional dump meeting was held at Ashland's Ober School on November 9 bringing together Pemigewasset River Valley towns. The Holderness Conservation Commission was co-sponsor along with the Ashland Planning Board and Lakes Region Planning Commission.

Two commissioners attended the annual meeting of New Hampshire's 167 town and city commissions in Conway November 4. Three showings of the "Lady Bug" Ecology puppet show were provided to the Central School November tenth. A movie on marshlands was shown that same day to the upper grades. Finally, four days before Christmas, a trip was made to the Woodsville Soil Conservation Service office to further the soils interpretation now being done in Holderness. We were assured that our town would remain at the top of the priority list. This data is badly needed in order to make further decisions concerning the town's natural and scenic resources.

ANNUAL REPORT OF THE HOLDERNESS PLANNING BOARD — 1972

Including a Brief Resume of Lakes Region Planning Commission Activities

The Holderness Planning Board offers the following report of its 1972 activities, with the feeling that its efforts have been meaningful and beneficial to present and future best interests of the Town, as change and development does and will occur.

The Planning Board has held 11 individual meetings, some of them when the "weatherman" was not at all cooperative. The number and dates of the meetings have been guided largely by the number and nature of the plans presented. The subdividers first contact usually indicates a desire for immediate action, yet often a considerable period of time may elapse between the first "contact" and the presentation of the necessary forms and information data required for the Board's consideration.

The Board has received over 35 plans in different stages of preliminary or final plats, which has resulted in final Planning Board approval and endorsement of 20 subdivisions at subsequent meetings during the year. In most instances the subdividers were desirous of cooperating with the state and local requirements, realizing that their subdivision would benefit through planned development.

Some of the Planning Board meetings have been a combination of a Public Hearing, followed by a regular business meeting (or vice versa.) The State Statutes: Article 36, Section 23, require that a public hearing be held on all subdivisions (whether large or small.) These call for the posting of hearing notices, and the notification of principles and abutting land owners by certified mail. The purpose of these hearings could be meaningful to surrounding land owners, acquainting them with the fact that a subdivision was taking place in their area. Others are a simple division of a plot of land, and a few if anyone except the Planning Board members attend the hearing.

It has been the endeavor of the Planning Board to hold its meetings and public hearings as soon as possible after the necessary forms and information are presented to us. However, a minimum of 5 days must intervene between posting of notices and certified mail, and the public hearing. Many of the subdivisions are given on-site observation visits by one or more members of the Planning Board, and on occasion by one or more of the Selectmen, and there are numerous contacts by telephone, correspondence and/or in person between a planning board member or members and the subdivider or landowner.

The Planning Board Chairman was made markedly aware of the need for controlled and guided development through his work as one of the Holderness representatives on the Lakes Region Planning Commission, when listening to preliminary reports of an 18 month study for Sewage Disposal Systems for the towns around the Winnipesaukee Basin by Maguire Associates. Present day figures for certain plans were given as costing 54 million dollars, with cost for certain individual towns from 2 to 3 million; annual maintenance costs in the upper five figures.Rising prices indicate an additional 10-11% each year, both in initial project figure and also that for maintenance. The Federal government does pay (if money is available) 90% of the cost, but federal money is not forthcoming until after the studies have been undertaken, and the work project is well on the way. Hence bond issues would be required to cover initial work until the federal money arrives. 5 or 10% of 2 or 3 million is a lot of dollars for a small individual town.

Controlled, guided and wise planning for future change and growth in Holderness can aid in the prevention of housing congestion, overpopulation, resulting in pollution, which would necessitate a costly municipal sewage system.

I have mentioned the Lakes Region Planning Commission, and it might be well to recall that at the 1972 Annual Town Meeting the voters of Holderness voted to seek of Governor Peterson permission for the Town to join the Lakes Region Planning Commission. The permission was granted and the Planning Board Chairman was appointed by the Selectmen to represent Holderness Planning Board on the Commission. Currently Lawrence Flint has been appointed to represent the citizens at large on the Commission. Shortly afterward Gov. Peterson, through an executive order, reduced the number of Planning Regions from seventeen to six. All of the area to the north of Holderness, beginning with Plymouth and extending to the Canadian border, became Region 1, and the former Lakes Region Area, with the addition of some twelve other towns, became Region 2.

One can scarcely be associated with other towns in Planning Board work without realizing that many of the problems, needs and interests of Holderness are very similar to those of other towns, especially those in the Lakes Region. It is easy to see that studies and surveys of those problems and needs for each individual town, would entail duplication of effort and expense, and it would be far less costly if one large survey was made of a group of towns or a region, and the cost shared by the towns collectively. Hence there is good reason why Federal and State funds for planning survey studies and even work on certain projects, are available only on a regional basis.

An example of this is the funds made available for the Sewage Disposal System Study involving about 10 towns and cities in the Winnepesaukee Water Shed basin, to which I have previously referred. Similar are the studies of the Solid Waste Disposal problem for the towns in the Lakes Region area. This latter survey includes Holderness, and was begun last August. The Holderness Planning Board Chairman was a member of the Solid Waste Committee which interviewed a group of consultants, which resulted in the selection of Metcalf and Eddy to make the survey. On-site observations and surveys were made and meetings held in all but two towns in the area before the coming of snow. A preliminary report and a meeting with officials from the several towns in the area will be forthcoming the last of February. A final report and recommendation will follow in May or June, when the departure of snow and cold will permit further on-site studies.

Many of the Lakes Region Planning Commission activities have been and are long range programs for the Region. They are not something tangible that can be seen or touched or accomplished in a day. Some of those projects are similar to those which were required of townships a few years ago when 701 money was available, such as those measures necessary for formulating a Master Plan for the Town. A Master Plan for the Region is required of a Regional Commission, hence individual towns will thus be aided by such regional activities in formulating a Master Plan for their own community.

Other Regional Activities include studies of existing and future land use, analysis for soil capacities, population, municipal facilities, tax levels, industries, economic base, and available health measures. The Lakes Region Planning Commission is becoming a Library for information and professional assistance on many levels. Within the week the Lakes Region Planning Commission has applied for certification of the region by HUD based on its planning activities to date. Positive action will mean that all member communities are eligible and have priority for maximum funding for needed public facilities.

The Lakes Region Planning Commission meetings are held bi-monthly, except for an occasional special meeting. One of these bi-monthly meetings is for the full commission membership, and the 2nd one being a meeting of the Executive Board and/or that of special committees. The full membership meeting rotates from town to town, always necessitating some members

traveling a considerable distance. The July full commission meeting was held at the Science Center in Holderness. The Commission has a standing rule that if a member misses 3 meetings during the year without a special excuse from the Director, the Selectmen from the town that he represents are requested to replace him. This is a reasonable rule, indicating efficient business methods and the meaningful nature of the Lakes Region Planning Commission's activities in behalf of the member towns that it serves. The central office is at 11 Lang St. in the town of Meredith where much of the technical and drawing board work takes place.

All of the townships in N. H. must have a tax map on or before 1980. The State of N. H. law calling for this tax map is very vague as to what constitutes a tax map. Likewise information derived from concerns engaged in tax-mapping for N. H. towns differ in their proposals and/or concepts of such a map. During the past summer the L. R. P. C. has reviewed much of the available material relative to tax mapping in those N. H. towns that already have tax maps, also similar available data in the states of Maine and New York, and from this material they have compiled a 20 page booklet which will give the town officials a more knowledgeable concept of, and language pertaining to tax mapping, for use when discussing this subject with tax mapping concerns which they may interview for this work. Copies of this document have been sent to the Holderness Selectmen and the Planning Board.

Compiling soil information and soil mapping for the Lakes Region area, in order to determine the capacity of the soil to absorb septic tank sewage treatment effluence, is among the many important activities of the Lakes Region Planning Commission. Soil Mapping is one of the immediate needs of the Town of Holderness. Some 11,000 acres (of the 23,600) remain unmapped. This matter was briefly discussed with L. R. P. C. Director Scott recently, and the writer was told that the Commission would aid the Town of Holderness in this project without cost to the Town. This will be a continuation of similar soil mapping now being done for the region.

Time and space will not permit a further discussion, or even the enumeration of the many Lakes Region Planning Commission activities and projects. They emphasize two major directions of work. The first is the preparation of Regional Plans and related programs. The second, to provide professional planning assistance and advise to local communities.

Suffice to say there is much to be done at both the regional and local levels. The members of the Holderness Planning Board, and the Town's Representative on the Lakes Region Planning Commission look forward to another busy and fruitful year, aiding in the protection and conservation of the town's natural resources, while planning for change and growth in an orderly beneficial and healthful manner. Such accomplishment will be greatly increased by citizen support and participation.

REPORT OF THE TOWN DUMP COMMITTEE

Holderness, N. H.
11 January 1972

Board of Selectmen
Selectman's Office
Holderness, N. H. 03245

Gentlemen:

After a continuing series of meetings with the Board of Selectmen and the Regional Refuse Disposal Committee of the Town of Ashland in regard to possible joint use of the Ashland Landfill facilities, the Disposal Committee of Holderness submits the following:

At a meeting in the Ashland Selectmen's Office, January 10, 1973, a tentative proposal was presented to your committee outlining the financial aspects covering the use of the Ashland dump by residents of the Town of Holderness.

The total cost of the Sanitary Landfill Facilities in Ashland to date amounts to $56,279.04 including the cost of land acquisition, equipment and housing for same. The proposal as submitted excludes the land cost of $8,000, provides for the amortization of the equipment cost of $30,706 over a five year period and amortization of the building cost of $6,000 in ten years. The proposal anticipates that Holderness will assume 60% of the base cost which is computed thus:

	$56,279.	Total cost
less	8,000.	Land cost
less	30,706.	Equipment cost
less	6,000.	Building cost
	$11,573.	Base cost

to the base cost is added 10% of the building cost plus 6% interest and 20% of the equipment cost plus 6% interest —

$11,573.	Base
636.	Building
6,509.	Equipment
$18,718.	

The labor cost for the yearly operation is estimated at $7,800, hence,

$18,718.	
7,800.	
$26,518.	of which 60% would be assumed by the

Town of Holderness, or $15,910, say $16,000, in the first year of joint use. Subsequent use would be based as follows:

$ 7,800.	Operating cost
6,509.	Equipment
636.	Building
$14,945.	@ 60% or $8,967, say $9,000, which

would represent the cost to Holderness the second and subsequent years contingent, of course, on any fluctuation of operational and maintenance costs. (No explanation was advanced as to the basis for arrival at the 60% figure as our share.)

Since the above represents a proposed agreement between the Towns of Holderness and Ashland and does not come under the provisions of RSA 53 B, your committee has no jurisdiction in the matter and has no alternative but to turn the proposal over to the Board of Selectmen for further study and appropriate action.

It should be pointed out, in passing, that the Soils Conservation Service has evidenced considerable interest in the Ashland landfill operation even to the extent of proposed monitoring of the site to determine possible pollution of the Pemigewasset River. Therefore, it must be inferred, at least, that the Soils Conservation Service is entertaining some reservations as to the suitability of the soil (pure white sand) for a landfill operation.

Some mention was made concerning the availability of Federal funds and the fact that a joint operation is in excellent position to receive preferential treatment. No amounts were discussed but it is presumed that Holderness would share in any Federal benefits.

Assurance was given the committee that the equipment purchased for the landfill operation would be reserved solely for that purpose.

At present the Ashland facility is open Monday, Wednesday and Friday from 1 - 6 P. M. and on Saturday from 8 A. M. - 4 P. M. A change in this schedule can be made if warranted by circumstances in the operation of the site or by seasonal pressure. Any change would, of course, affect the operational costs.

Attention should also be given to Ashland's ordinance relating to the transportation of rubbish through the town. All rubbish must be covered. Violators are subject to a fine of $25.00.

In an effort to keep the Selectmen advised of the further activities of the Disposal Committee, let the record show that we have, along with other towns in the area, met with the Lakes Region Planning Commission relative to refuse disposal, have had a meeting with a representative of Metcalf & Eddy, consultants for the Commission and we shall represent Holderness at a meeting of area towns (Plymouth, Campton, Rumney and Thornton) late this month to discuss the solid waste problem faced by all these towns. Regretfully, at this time, the Committee is not in a position to offer alternative plans to consider along with the Ashland proposal, but, hopefully, some direction can be expected from the Regional Planning Commission in the near future and we shall have to await the results of the forthcoming meeting with the area towns mentioned above.

Respectfully submitted,

DONALD E. DANA, Chairman
Holderness Regional Refuse
Disposal Committee

FIRST ANNUAL REPORT OF THE HOLDERNESS HEALTH OFFICER

At the 1972 annual town meeting the voters of Holderness approved an appropriation, with a matching amount from the Squam Lakes Association, to enforce the various local and state sanitary regulations as prescribed by ordinance or statutes.

Upon recommendation from the Selectmen on March 28, 1972, the Department of Public Health and Welfare Division of the State of New Hampshire appointed a health officer for the Town of Holderness for a term of three years. Therefore the following Report will reflect the activities of that Office for the fiscal year 1972.

Beginning with April 1972, there has been 185 inspections of property made, with 69 other inspections being completed as a result of complaints received. There has been 6 group camps and camp sites inspected with 49 violations resulting. There has been 61 permits issued for work to be done regarding septic systems, either as new construction, replacement, or repair thereto. With 77 miscellaneous contacts, making a total of 398 separate acts relating to health work.

During the past several months I have become more aware that our community needs to become concerned with its orderly growth, the protection of its natural beauty, and perhaps above all, its surface and sub-surface waters. It takes a good many years for our lakes, ponds, streams, and ground water to go through a natural cycle of aging and eventually die; however we must remember that if we continue to misuse water by adding detergents, fertilizers, human wastes, and other nutrients, then we are helping to accelerate that aging process that much sooner. It is because of these thoughts that I have suggested several ideas and policies to the proper authorities for future consideration. Among those areas of most concern to me are, disposal sites, mobile parks, known polluters, and an amendment to the present septic tank ordinance. The purpose of the amendment would be to restrict holding tanks from being used for new structures as a means of handling waste matter.

Respectfully Submitted,
C. Currier
Holderness Health Officer

IMPORTANT NOTICE FROM THE SUPERVISORS OF CHECKLIST

Verification of Checklist: 1973, 1981, and once every ten years thereafter.

Under Chapter 69, Sections 69.26 and 69.26a of the New Hampshire Primary and Election Laws, all eligible voters of the Town of Holderness are to appear before the supervisors and register or re-register as the case may be. Whenever a person is re-registered, his party designation, if any, on the checklist undergoing revision shall not be changed.

Between April 1 and June 1, the supervisors shall advertise notice of their sessions at least twice in some newspaper of general circulation in the town.

We, the Supervisors of Holderness, plan on holding sessions for the above during the day, at nighttime and on a weekend. We are asking for your cooperation in re-registering at these sessions which dates shall be forthcoming. Anyone not re-registering during these sessions will be notified by mail and informed of the procedure to be followed in order to be re-registered. Failure to re-register could mean having one's name stricken from the checklist.

Paul M. Needham, Chairman
John Greenleaf
Earle Jenkins

SUMMARY OF FINDINGS

Board of Selectmen
Holderness, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Holderness for the fiscal year ended December 31, 1972, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of these audit reports must be given to the Town Clerk to be retained as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Free Library, Fire Department, Park Board, Planning Board, Cemetery Fund, Conservation Commission and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets — December 31, 1971 and December 31, 1972: (Exhibit A-1)

Comparative Balance Sheets, as of December 31, 1971 and December 31, 1972 are presented in Exhibit A-1. As indicated therein, the Current Surplus increased by $30,239.08, from $7,092.46 to $37,331.54 during 1972.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factor which caused the change indicated therein. This was as follows:

Increase in Current Surplus:
Net Budget Surplus (Exhibit A-4) $30,239.08

Comparative Statements of Appropriations and Expenditures— Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1972 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of $19,591.82 and a net unexpended balance of appropriations of $10,647.26 resulted in a net budget surplus of $30,239.08.

Long Term Indedtedness:

Balance Sheet - December 31, 1972: (Exhibit A-5)

A Balance Sheet showing the outstanding long term indebtedness of the Town as of December 31, 1972 is presented in Exhibit A-5. A statement showing annual debt service requirements (Principal and Interest) is contained in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of receipts and expenditures for the fiscal year ended December 31, 1972 made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1972, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all Town officials charged with the custody, receipts and disbursements of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. The amount of uncollected and unredeemed taxes as stated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Planning Board:

It was stated in our audit report of the previous year that the balance of monies in the Planning Board treasurer's account be returned to the Town Treasurer's account in 1972. As noted in Exhibit H, $4,656.89 was transferred to the general fund account during fiscal 1972. However, a balance of $449.54 still remains in this account and should be transferred in 1973.

As previously stated in last years audit report, the law (R.S.A. 41:29) stipulates that the Town Treasurer shall have custody of all monies belonging to the Town, and shall pay out the same only upon orders of the Selectmen. There is no provision in the State statutes which gives authority to the Planning Board to expend money from a departmental checking account. As is the case with other Town departments and agencies, revenues realized by the Planning Board should be remitted to the Town Treasurer, and all expenses should be paid by Town check.

Treasurer:

It was again noted during the course of the audit that the Treasurer did not reconcile his records with the bank statements on a monthly basis. This resulted in additional audit time and created increased expense to the Town for the Audit. It is recommended that the Treasurer immediately take steps to correct the above situation.

Conclusion:

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Holderness for their assistance during the course of the audit.

Yours very truly,
Frederick E. Laplante
Director

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Holderness for the fiscal year ended December 31, 1972.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Holderness at December 31, 1972, and the result of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Assistant Supt. of Schools	N. Kenneth Smith
Supt. of Schools	M. Wayne Bowie

MEETING OF THE HOLDERNESS SCHOOL DISTRICT
MARCH 11, 1972

Mrs. Pierce Beij was sworn in as Supervisor of the Checklist pro tem under Article 55:4-A. Mr. Laurence Roberts, moderator, opened the School District meeting at 7:35 p. m. with a prayer. Mr. Roberts then read the warrant, which was to be taken up article by article.

Mr. Beij moved and Mrs. Melanson seconded Article 1 as follows:
I move we accept the salaries of the School Board, Truant Officer, and approve the compensation of all other officers and agents of the School District as proposed by the School Board in the 1972-73 Proposed School District Budget.

Mr. Brown amended the motion to include salaries of $300 for the School Board Chairman, $250 for each School Board member, $15 for the Truant Officer, $10 for the Clerk, $10 for the Moderator, and $350 for the Treasurer. Mr. Beij seconded the amendment. The vote on the amendment was in the affirmative, as was the vote on the motion.

Mr. Noyes moved and Mr. Dana seconded Article II as follows:
I move the District accept the reports of the Auditors of the General Fund, Treasurer, School Lunch Program, and the Agents of the Districts as printed in the Annual Report.

After four small corrections were made, the motion was voted in the affirmative.

Mr. Hill moved and Mr. Taylor seconded Article III as follows:

I move the District appoint any agents or committees as needed to cover any subject covered in this warrant.

In the discussion that followed, Mrs. Wolf asked that the School Board keep the town informed on the matter of choosing a successor to the present Superintendent of Schools. The motion was voted in the affirmative.

Mr. Brown moved and Mrs. Wolf seconded Article IV as follows:
I move the District vote to raise and appropriate the sum of $297,819.88 (including salaries and compensations in Article 1) for the support of schools, for the salaries of school district officials and agents, and for the payment of any statutory obligations of the District, and to authorize an application against said appropriation of such sums as are estimated to be received from the State together with other income; the School Board to notify the Selectmen of the balance between the revenue and the appropriation which balance is to be raised by taxes by the Town.

Mr. Beij amended the figure to read $295,916.88, the Budget Committee's recommendation. Mr. Dana seconded. The first item taken up was Health Services. Mrs. Wolf asked what the State Board of Education recommended for nursing time in the school. Mr. King explained that the Board's recommendation did not apply to a school the size of Holderness Central. The School Board took 16 hours as a guideline. Mr. Farley amended the amendment to add $625 to Health Services. Mr. Barlow seconded. The vote was in the affirmative. The amended figure then read $296,541.88.

Mr. Richards amended and Mrs. Farley seconded item 210 to read $97,428., the additional $428 to be added to the secretary's salary. The vote was in the affirmative. The amended figure became $296,969.88.

In item 700, of the $800 increase, $500 was for a new piano as there was none that was decent in the school. Mr. McLoud stated at that time that the piano that the Fire Department had donated to the school had disappeared. Mr. King then amended item 700 to put back the $500. Mrs. Currier seconded. The amended figure then read $297,469.88.

Mr. Richards asked what the remaining $300 in item 700 was for. Mr. Barlow explained that the School Board proposed to turn the old selectmen's office into a conference room. As there is no privacy in the principal's office, he could use this room for talking to students, to parents, for staff conferences. It could also be used for guidance and testing of children. The money would be spent on paint, furniture, rugs, etc. Mr. Richards amended the amendment to include the $300. Mrs. Wolf seconded. The amendment was passed, the figure now reading $297,769.88.

Mrs. Farley asked what the $50 difference in item 1267, Equipment, was for. Mr. Barlow stated that a teacher's desk had been requested for the shop which would cost $150, but that one could be purchased for $100. The $50 was not put back into the proposed budget. The final amended figure read $297,769.88. The vote on the amendment was in the affirmative, as was the vote on the motion. Mr. Beij voted no.

Mr. Dana moved and Mr. Brown seconded Article V as follows:
I move the District authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which now or hereafter may be forthcoming from the State of New Hampshire and/or the United States.

Mr. Taylor amended the motion to add " . . . and any private foundation or non-profit organization, or other lawful source." He gave as an example the Spaulding-Potter Foundation. Mrs. Elsner seconded. Mr. Kenneth Smith, Assistant Superintendent of Schools, asked for and was given permission to speak. He said that we could not amend to add to this article. Mr. Taylor's amendment was ruled on affirmatively by the moderator, pending the legal finding on Mr. Smith's point. Mr. Beij wanted to add "and any other additional sources." Mr. Brown said that such unanticipated revenue must be put into the General Fund to reduce taxes. It could not be used before the next School District meeting when the Town would say whether or not it could be spent. The vote on the amendment was in the affirmative, as was the vote on the motion.

Mr. Hunt moved and Mr. Brown seconded Article VII as follows:
I move the District establish a contingency fund to meet the costs of unanticipated expense which may arise during the year, in an amount not to exceed $250, all in accordance with RSA 198:4-b. Motion passed.

Mr. Melanson moved and Mr. Hayes seconded Article VII as follows:
I move that we now transact any other business which may come before this meeting.

Mr. Brown pointed out that this year's budget is $5,000 less than last year's. The amount of money paid to the Town by the Sweepstakes Commission went up, several high school students dropped out, and tuition to Plymouth is dropping.

Mrs. Wolf wanted to make a motion asking the School Board to formulate and make public a policy which would set down explicitly the duties of the principal. Mr. Roberts said he could not accept it as a motion, but as a statement or consensus of opinion. Mrs. Wolf then read:

It is the consensus of this School District meeting that the Holderness School Board formulate a written policy setting forth stipulations of the authority to be delegated to the principal of the Holderness Central School. This policy statement should be given a public hearing so the voters know what is expected of both administrators and School Board. This should be done before a new principal is hired.

It was then explained that School Board meetings are open to the public, so that such a formulation could be discussed. Mrs. Wolf's statement was accepted by the School District meeting.

Mr. Brown moved for adjournment at 8:52 p. m. Mrs. King seconded. The vote was in the affirmative.

Respectfully submitted,

Ann Walker Noyes, Clerk
Holderness School District

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Holderness qualified to vote in district affairs:

You are hereby notified to meet at the Holderness Central School in said district on the 10th day of March, 1973 at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

2. To hear the reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.

3. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

4. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriation of such sums as are estimated to be received from State Foundation Aid, School Building Aid, Sweepstakes together with other income, the School Board to certify to the Selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To see if the district will vote to authorize the School Board to make application for and to accept on behalf of the District any or all grants or offers for educational purposes which now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

6. To see if the district will establish a contingency fund to meet the costs of unanticipated expense which may arise during the year in an amount not to exceed two hundred fifty dollars ($250.) all in accordance with RSA 198:4-b.

7. To see if the Town will vote to rescind its 1970 vote whereby the District voted to elect the School District officers at the annual Town Meeting in accordance with RSA 197:1-a, and to elect the School District officers at the annual School District meeting effective in 1974.

8. To transact any other business that may legally come before this meeting.

Given under our hands at said Holderness this 13th day of February, 1973.

HOLDERNESS SCHOOL DISTRICT

November 20, 1972

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Holderness School District for the fiscal year ended June 30 1972.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1972, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

FEL/pcj

February 5, 1973

The School Board
Holderness School District
Supervisory Union #48
Plymouth, N. H.

Gentlemen:

The audit report covering the examination which was recently made by this Division of the accounts and records of the Holderness School District for the fiscal year ended June 30, 1972, has been given the final pre-publication review.

However, because of recurring vacancies in our clerical staff during 1972, there currently exists a considerable backlog of unpublished audit reports in our files. Consequently, there will be an unavoidable delay in publishing the above cited report.

A number of governmental units affected by this situation have requested that at least the auditors' Summary of Findings and Recommendations (letter of transmittal) and Certificate of Audit pertaining to their audits be submitted to them at this time in order that these may be included in their annual printed reports or be available at the annual meetings. Accordingly, these documents have been prepared for your governmental unit and are submitted herewith.

Our clerical positions are now fully staffed and the complete audit report will be published as soon as possible. Copies will be submitted to your Board in the usual manner.

We regret any inconvenience caused by this delay and appreciate your consideration in these circumstances.

Very truly yours,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

FEL/pcj

SUMMARY OF FINDINGS AND RECOMMENDATIONS

The School Board
Holderness School District
Holderness, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Holderness School District for the fiscal year ended June 30, 1972, which was made by this Division. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board, School District Treasurer, School Lunch Program and Student Activities Fund.

FINANCIAL INFORMATION

General Fund:

Comparative Balance Sheets - As of June 30, 1971 and June 30, 1972: (Exhibit A-1)

Comparative balance sheets showing the financial condition of the General Fund as of June 30, 1971 and June 30, 1972, are presented in Exhibit A-1. As indicated therein, the Current Surplus of the District increased by $17,148.50, from $258.34 to $17,406.84, during the fiscal year ended June 30, 1972.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in the current financial condition of the School District during the fiscal year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Current Surplus:		
Net Budget Surplus	$ 17,406.84	
Decreases in Current Surplus:		
Surplus Used to Reduce School Tax	258.34	
Net Increase		$ 17,148.50

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1972, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a net unexpended balance of appropriations of $15,711.62 plus a revenue surplus of $1,695.22, resulted in a net budget surplus of $17,406.84.

Long Term Indebtedness:

Comparative Balance Sheets - As of June 30, 1971 and June 30, 1972: (Exhibit A-5)

Comparative Balance Sheets of the outstanding long term indebtedness of the School District as of June 30, 1971 and June 30, 1972 is presented in Exhibit A-5. As indicated therein, the long term debt decreased by $25,875.00 during the fiscal year, from $226,000.00 to $200,125.00.

Statement of Debt Service Requirements: (Exhibit A-6)

A statement of debt service requirements, showing annual maturities of principal and interest, is included in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended June 30, 1972, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of June 30, 1972, is indicated in Exhibit B-2.

MISCELLANEOUS

School Lunch Program: (Exhibit C)

A statement of the activity in the Holderness School Lunch Program Account during the fiscal year is presented in Exhibit C.

Student Activities Fund: (Exhibit D)

A summary of the activity in the Student Activities account during the fiscal year is made in Exhibit D.

School Tax Account: (Exhibit E)

A statement of the School Tax Account with the Town of Holderness is included in Exhibit E. As indicated therein, as of June 30, 1972, the School District had received from the Town the total of the 1971-72 School Tax in the amount of $285,723.47, less an advance of $11,307.80 received by the District in the preceding fiscal year on account of the 1971-72 School Tax.

GENERAL COMMENTS

Signed Manifests:

Several payroll and vendor manifests, authorizing the School District Treasurer to expend the same, were signed by only one member of the School Board.

Signatures of at least two of the three members of the School Board are required before any funds are expended.

Conclusion:

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District. Publication of the Exhibits contained in this audit report is optional at the discretion of the School Board. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the School District for their assistance during the course of the audit.

Yours very truly,

Frederick E. Laplante, Director

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Holderness students are fortunate to have many fine teachers, staff, and programs. Your Principal, Mr. Eames, is working extremely hard to see that each child receives appropriate instruction.

The teachers are diligently working towards the ultimate goal of individualized instruction. However, it is quite apparent to those directly involved in the formal education of Holderness elementary students that the means to deal with all children are not currently at their disposal. An example of this would be in the area of special education where several children have learning problems which require special attention by a trained person. It is our hope that voters will see the need for providing funds for this very necessary service. Another area of concern is physical education where a trained teacher can improve the skills of the students and add a new dimension to the school program.

The people of Holderness have a fine school and some excellent people working for the benefit of all students. Your support of this budget will be appreciated.

Respectfully submitted,

N. KENNETH SMITH

Assistant Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1971 - 1972

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the superintendent of schools as per the following quotation: "Reports. Each Superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary $15,700 which was received by the Superintendent of Schools of Supervisory Union #48 during 1971-1972 was made up as follows: $2,500 paid by the State of New Hampshire and $13,200 was pro-rated among the school districts comprising the Supervisory Union. Allowance for $1,000 travel within the Union was also pro-rated as stated above.

The salary of the Assistant Superintendent during 1971-1972 was made up as follows: $2,700 paid by the State of New Hampshire and $10,500 was pro-rated as stated above. Allowance for $1,000 travel within the Union was also pro-rated as stated above.

The table below shows the portion of salary and travel charged to each school district:

Dist.	*Adjusted Percent*	*Supt's. Salary*	*Supt's. Travel*	*Asst. Supt's. Salary*	*Asst. Supt's. Travel*
Campton	13.93	$ 1,838.76	$ 139.30	$ 1,462.65	$ 139.30
Holderness	**20.41**	**2,694.12**	**204.10**	**2,143.05**	**204.10**
Plymouth	42.38	5,594.16	423.80	4,449.90	423.80
Rumney	9.24	1,219.68	92.40	970.20	92.40
Thornton	6.71	885.72	67.10	704.55	67.10
Waterville Valley	3.34	440.88	33.40	350.70	33.40
Wentworth	3.99	526,68	39.90	418.95	39.90
	100.00%	$13,200.00	$1,000.00	$10,500.00	$1,000.00

M. WAYNE BOWIE,
Superintendent of Schools

ANNUAL REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents and Citizens of Holderness, I respectfully submit my report.

The 1972-73 school year began with several staff changes. Mrs. Betty Homeyer, a graduate of Ohio Wesleyan University, is our new first grade teacher. She has had three years of previous primary teaching experience in Connecticut. Mr. Gary Russell, a graduate of Lyndon State College, who is completing the requirements for his masters' degree at Penn State, is teaching science and reading in grades 5-8. He has previously taught for eight years in Connecticut. Mrs. Sandell Morse, a graduate of Wilson College in Pennsylvania, is teaching reading and language arts in our departmentalized program. She has previously taught in Cincinnati, Ohio. Mr. Larry Enos, a graduate of the University of Maine, is teaching Industrial Arts. His most recent teaching experience has been in Plymouth. Mrs. Arlene Bownes, a graduate of Farmington State College, is teaching Home Economics. She has previously taught in Greenville, Maine and Laconia and has conducted an adult course in sewing at Plymouth State for several years. Mr. Robert Eames is the new school administrator. He is a graduate of Plymouth State and did graduate work at U. N. H. He has previously been a school principal in Milton, N. H. Mr. Richard McCormack is our new head custodian, and Mr. Jarvis Fish is employed on a part-time basis.

Returning staff members include Mrs. Judith Landry, Miss Linda Morse, Mrs. Sally Webb, Mrs. Nancy Hogan, Miss Marilyn Barden, Mrs. Patricia Heinz, and Mrs. Mary Richards. Mrs. Frances Currier is our teacher aide again this year and Mrs. Donna Hill is our school secretary. Itinerant teachers on our staff are: Mrs. Saundra Davis who teaches music one day per week, Mrs. Ruth Ann Blair, our art teacher, and Mrs. Carolyn Kent, our occupational therapist.

Our fine hot lunch program is being managed again this year by Mrs. Rose Carvelli, and she is being very capably assisted by Mrs. Marjorie Hayes and Mrs. Norma Pike.

We also have several community volunteer aides who are to be commended for assisting with our program. Mrs. Ann Noyes, Mrs. Sue Dales, Mrs. Barbara Currier, Mrs. Ki Clough and Mrs. Marlene Rapelye have been working with children on a tutorial basis. Mrs. Pat Giroux is very capably assisting in the library.

We are greatly concerned that our boys and girls will be able to acquire the reading skills that are necessary for them to function in a society that is becoming increasingly complex. Too, we fully realize that it is equally important for students to develop a positive attitude as they are learning their skills. With these two concerns in mind, we implemented a nongraded primary reading program in the Fall of 1972 that has enabled us to use the coordinated, sequential reading approach we feel is necessary in order to address ourselves to the above mentioned concerns. By September of the next school year we hope to be able to extend this program through the sixth grade.

Mathematics, too, is an area of great concern to all of us. In an attempt to provide students with a program that will more adequately respond to their instructional needs, we are trying a new system with a control group of sixteen pupils. If the results are satisfactory, it will hopefully be possible to provide grades 1-8 with a sequential, nongraded program in September. Our Assistant Superintendent is in the process of writing a proposal that we hope will result in the establishment of a central Special Education Center for some communities in the Union. Certainly, we must all recognize that a few children in our schools are not able to learn as we would hope they could because of simple lack of ability or emotional difficulties. Most people tend to think that these children are the only ones who would benefit from such a center. However, we are optimistic that other students may be helped too. These are children who are suffering from a "specific learning disability", specific because their handicap, no matter how serious or frustrating, is not the result of mental retardation or emotional imbalance. They can learn. In nearly every case they are blessed with average or superior intelligence. Their problem is that, for a variety of neurological reasons, they cannot learn to read according to the standard methods taught in American classrooms. The specialists at such a Center should be able to diagnose children's perceptual handicaps and then train intelligent, creative people in our communities as paraprofessional tutors to work with these young people so that they may overcome their difficulties.

This year our physical education program has added gymnastics to the curriculum. We have a nine-piece Olympic Gym Set which is receiving a great deal of use and some classes put on a gymnastics show during February.

Our library resources are ever expanding. We have purchased 400 classroom library paperbacks this year in addition to a new set of encyclopedias. Further additions will be made throughout the year.

Finally, I would like to take this opportunity to commend and thank all who are connected with our school; teachers, parents, central office personnel, students, and interested citizens, for their efforts which have helped to make our school one that we can be justifiably proud of.

Respectfully Submitted,

ROBERT C. EAMES, Principal

REPORT OF SCHOOL DISTRICT TREASURER

for the

Fiscal Year July 1, 1971 to June 30, 1972

SUMMARY

Cash on Hand July 1, 1971		$ 11,492.68
